## Full Stack Software Engineer

linkedin.com/in/jgolliet/ • Seattle, WA

Leveraging a robust background in sales, project management, and customer service, I have transitioned into a software engineering role. Recently completed an intensive Coding Bootcamp with Per Scholas, refining skills in HTML, CSS, JavaScript, and React JS to specialize in front-end development.

## Technical Skills

- ♦ JavaScript/ReactJS
- ♦ HTML, CSS
- ♦ Tailwind CSS
- ♦ Node.js
- ♦ Express
- ♦ MongoDB

## Education

### **Software Engineering Bootcamp**

Per Scholas, Seattle, WA

**In progress**

- Utilized frontend development skills in HTML, CSS, and React JS to successfully deploy a Japanese Quiz application.
- Collaborated effectively with colleagues to develop, maintain, and troubleshoot a variety of applications.
- Gained hands on experience with databases and servers by using Node.js, Express, and MongoDB.
